

Dear Councillors,

I am the owner of Titan Fire Protection at 197 Forester Street in North Vancouver. We are familiar with Wesbild's proposed plans to re-envision the waterfront site off McKeen Avenue with new opportunities for business and I'd like to register our formal support for this proposal.

There is a concerning shortage of strata or leasable industrial space on the North Shore. Leaving this site as is (grossly under utilized) does not serve anyone on the North Shore.

Thank you,

Jamie Finkbeiner,  
Owner  
Titan Fire Protection
